

BEOVISION HORIZON

FUNCTIONAL FLEXIBILITY

SUBTLE SOPHISTICATION

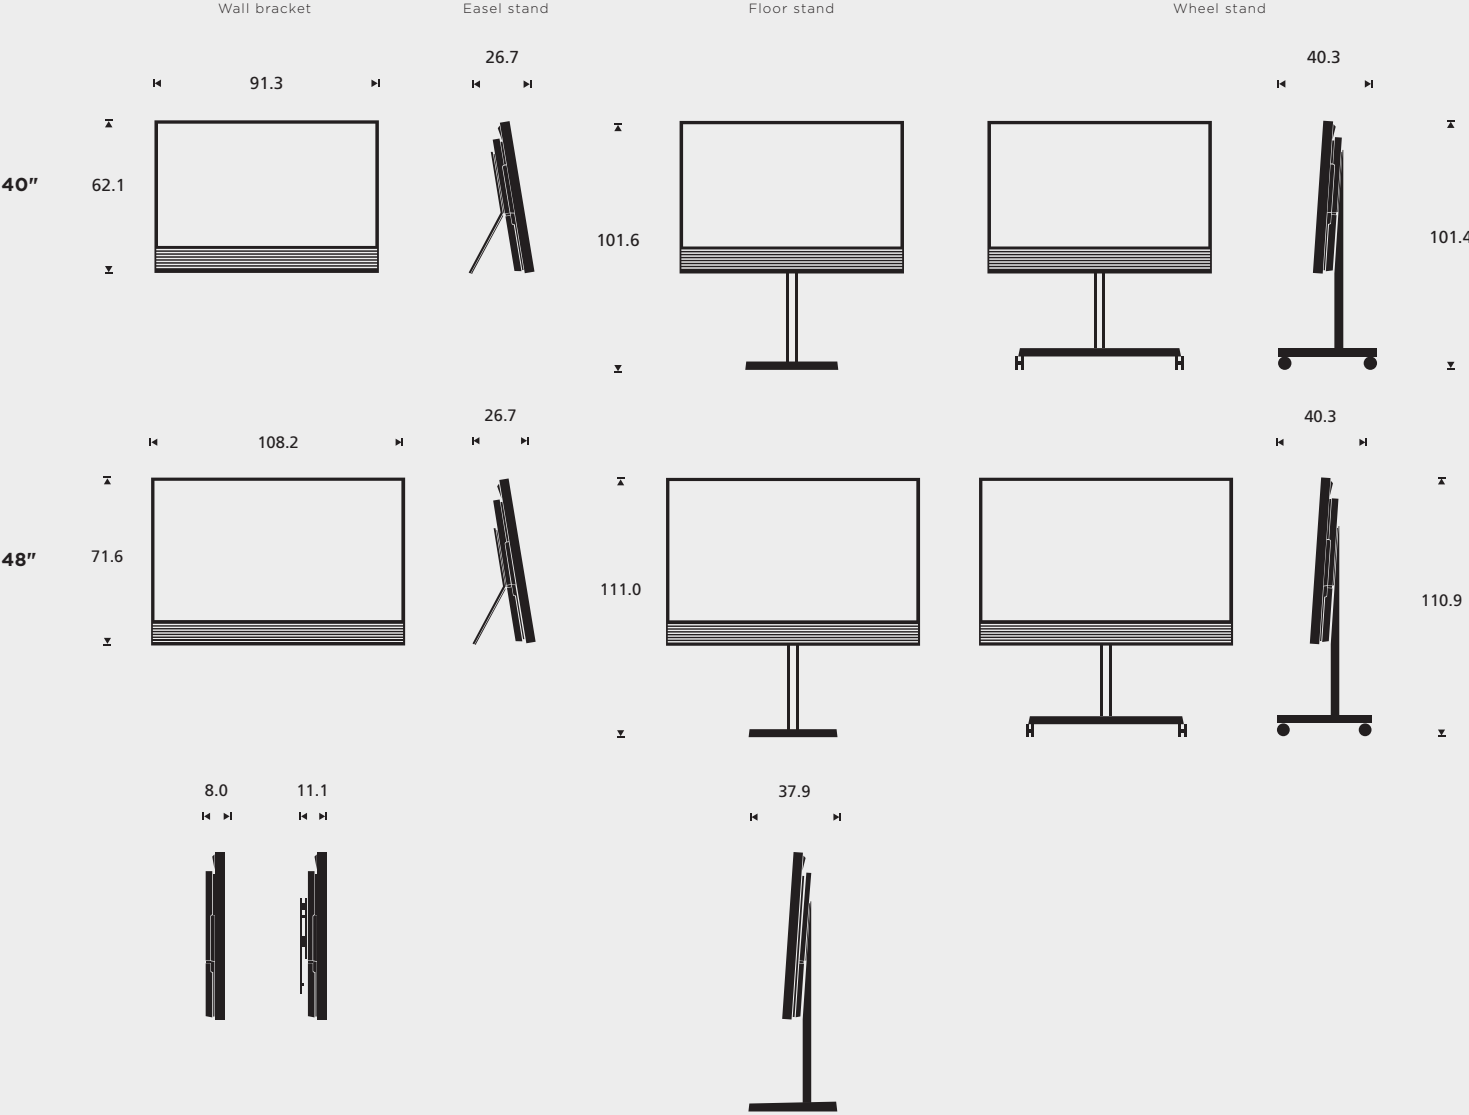

BeoVision Horizon is a modern 4K UHD TV that gives you total flexibility in terms of placement options, a stellar and forceful sound experience, amazing picture quality automatically adjusted to content and light conditions – and integrated access to all your entertainment through the ever evolving Android TV™ platform. BeoVision Horizon focuses on the essentials – and it's that uncompromising minimalism that makes it blend in everywhere.
