Loewe **inspire**

The individual all-rounder for smart streaming entertainment

Pre-calibrated Ultra HD OLED panel with HDR and Dolby Vision

Integrated Loewe dr+ hard disk drive with 1 terabyte recording capacity

Super fast Loewe os with comfortable Loewe remote control

Netflix, YouTube, Disney+, Apple tv+, Zattoo, HD+ and more

Support of Alexa Skills, Miracast, Apple AirPlay and DTS Play-Fi

Innovative audio solutions from invisible sound to klang bar i and beyond

NETFLIX · YouTube · prime video · Disney+ · tv · Rakuten TV · DEEZER · HD+ · ZATTOO

Works with Apple AirPlay · works with alexa · dts play-fi · WiFi CERTIFIED

Dolby VISION · Dolby ATMOS · dts HD · dts X · Bluetooth · CERTIFIED USB · HDMI

LOEWE. was found by the Loewe brothers as Radio Frequenz GmbH in Berlin in 1923.
Today we still design, develop and produce consumer electronics – Made in Germany.

Loewe **inspire**

The individual all-rounder for smart streaming entertainment

Superior picture quality

Brilliant TV experience with Ultra HD OLED panels and a full range of HDR formats including Dolby Vision. Delivered by the latest W-OLED generation from LG Display with best performance, deepest black and lowest reflectivity.

Pre-calibrated in our own factory at the headquarters in Kronach, Germany to meet all relevant movie picture and colour standards for a perfectly natural and impressive image reproduction right out of the box in your living room.

Integrated digital recorder

Loewe dr+ system for comfortable recording: A premium EPG, a triple tuner, an integrated 1 TB HDD, native VoD apps and HbbTV media libraries allow timeshift and recording DVB in the background while watching streaming content or movies from the archive.

The Loewe chassis SL850 is based on a high performance main CPU and runs with Loewe os8 for fast operation and full support on features, apps and connectivity standards, including two HDMI 2.1 inputs with UHD VRR @ 120 Hz - perfect for gaming consoles with fast graphics.

Super fast smart streaming

The super-fast Loewe os8 offers all important VoD services like Netflix, YouTube, Disney+, Apple tv+, Freeview Play, HD+, Zattoo, FIFA+ and many more. It also supports Apple AirPlay and DTS Play-Fi for great network interaction and connectivity with smart home and multiroom audio devices.

The comfortable alu-made Loewe remote offers six direct streaming buttons plus control via the illuminated cursor field. Paired by Bluetooth, it alsosupports voice commands on your TV. Simply activate the microphone by the push of a button.

Innovative sound solutions

Innovative modular audio solutions from invisible sound to klang bar i and beyond fit to every use-case and situation. Loewe in-house audio development and sound tuning together with Dolby Atmos ensure best acoustic reproduction and movie experience at any time.

Loewe invisible sound with pure monitor-look is the solution for design-aficionados or smaller rooms. Or attach the Loewe klang bar i and enjoy 80 watts, a wider stereo stage and best speech intelligibility. Adding the wireless Loewe klang sub1 makes it a 2.1 system with more volume and bass.

Or connect a Loewe klang bar via HDMI eARC plus one or several Loewe klang sub5 and klang mr speakers to create a true multichannel home cinema via Loewe wireless digital audiolink.

Sophisticated 360° design

Design, construction and quality Made in Germany: A timeless look, with magnetic rear covers, cable management, hidden connections, a basalt grey spray-painted and partly fabric covered rear cabinet is without compromise and expresses pure elegance.

The inner mechanical construction is both clever and robust, with solid VESA bolts funded in the metal main structure of the set and a massive table plate including a rotatable stand with all the way concealed cable routing.

Individual modular solutions

Optional accessories allow the personal configuration of your own home entertainment center to perfectly fit your needs and living space.

The Loewe table stand i can be upgraded with the spacer i to place Loewe klang bars in front of the screen without hindrance. The Loewe floor stand flex, pure or with klang bar and equipment boards allows numerous different use-cases. The unique Loewe floor2ceiling stand creates its own impressive style. Different Loewe wall mounts, also for the klang bars, support any wall installation.

Loewe wireless digital audiolink, together with the Loewe klang system components, allows expandable sound solutions from active soundbars, with one or many subwoofers, to wireless speakers for multichannel home cinema or multiroom audio.
